ISON aims to stimulate internationalisation of students in Nijmegen through cooperation of the main international student organisations of Nijmegen

AEGEE Nijmegen | AIESEC Nijmegen | IFMSA Nijmegen | ISN Nijmegen | Radboud International Students | United Netherlands

From ISON's board

Dear reader,

This newsletter keeps you posted about all internationally oriented activities around Radboud university. Together with our member organisations AEGEE-Nijmegen, AIESEC-Nijmegen, IFMSA-Nijmegen, ISN Nijmegen, Radboud International Students and United Netherlands we aim to shed light on the importance of internationalisation in Nijmegen!

Yours sincerely,

On behalf of the ISON board,

Floor Dikker
Secretary 2017/2018

ISON Update

Last week, it was International Midweek! ISON and its member organisations organised all sorts of activities, like a Latin Dance Workshop, Global Village, Spring Ball, Potluck Dinner and a Model United Nations. This way, internationally oriented students from Radboud University and HAN University of Applied Sciences had the chance to

explore all the possibilities within ISON's member organisations. We want to thank everyone who played a role in making this week such a success! Since International Midweek has come to an end, we will now focus on finding a new board. If you are interested in doing a part-time board year at ISON, don't hesitate to e-mail us with any questions you might have! Our e-mail address is ison@student.ru.nl and the application deadline is the 20th of April. More information about doing an ISON board year can be found on our Facebook and our website.

Brazil Entrepreneurship Project

Good news for everyone looking for a challenging experience this summer!

After a great first round of applications, more positions opened for our Brazil Entrepreneurship Project. Experience working at a promising start-up abroad. AIESEC offers you the opportunity to work for one of the many start-ups in Porto Alegre (and area), Brazil. The project offers positions in one of the following areas: Sales, Marketing, Internationalization and Business Administration. As you will be working at a start-up, you have a lot of room to learn new skills and carry more responsibilities than at a regular internship. The project takes 8 weeks and starts in July. This is a perfect way to spend your holidays and be back in time for the next semester.

Are you interested? We will organize an info meeting soon where we provide you with all the details and room for questions. You can find the event [here](#).

We hope to see you soon!
